

ENGINEER CORPS FORCED TO EXPAND FOR THE NEW ARMY

Must Meet Special Requirements of Expeditionary Forces

**EQUIPMENT MORE COSTLY
THAN THAT OF BIG CANAL**

WASHINGTON, Nov. 13.—To balance the divisions of the national army and national guard and meet the special requirements of the expeditionary forces in France, the engineer corps has been expanded since March 1 from 2,100 men to 95,000 men. There are now 408 officers of active duty and more than 5,000 reserve officers, compared to 256 officers eight months ago and on December 1 about 1,200 additional reserve officers will be graduated from the second engineer officers training camp.

The war department announced tonight that the active force now includes nine railroad regiments and one forestry regiment as part of the national army, while seventeen pioneer regiments authorized with the national army are in process of formation. In addition national guard units, equivalent to about seven regiments, have been called into the federal service and their reorganization into seventeen pioneer engineer regiments for the seventeen divisions of the national guard troops is well under way.

Organizing of troops for such special service, such as lumber supply, road construction, camouflage service, gas and flame work, mining work, mapping, etc., also has been undertaken by the engineers. The corps of engineers of the army, since April 6, has not only been supplying the engineer department equipment for an army of a million men, the war department statement said, "but has undertaken the unprecedented task of furnishing railroads complete from the United States for operation in France. Three regiments were organized for operating railroads; five for construction; officers being experienced railroad builders and the enlisted men being bridge and track men. The corps of engineers of the army, since April 6, has not only been supplying the engineer department equipment for an army of a million men, the war department statement said, "but has undertaken the unprecedented task of furnishing railroads complete from the United States for operation in France. Three regiments were organized for operating railroads; five for construction; officers being experienced railroad builders and the enlisted men being bridge and track men.

Resides the one forestry regiment to be sent to France to produce lumber and timber from the French forests, three others are to be organized. About eighty per cent of the forestry regiment's equipment, valued at \$250,000, has been delivered for shipment. It includes twelve sawmills, truck and railway equipment and everything necessary to produce more than 4,000,000 board feet of finished lumber a month. Purchase of engineer equipment for an army of more than 1,000,000 men and the expenditure of appropriations approximately \$228,000,000—more than the cost of material equipment and supplies for the Panama Canal during the ten years of its construction have been other duties of the corps since the United States entered the war. In addition the corps has maintained its regular service in the improvement of river and harbors and the construction of coast defenses in this country.

Washington, Nov. 13.—The announced intention of the department to assign to active service only a small percentage of the men who will complete their course in the second series of camps this month caused a flood of protests and relatives of the men. The plan had been to commission many of the students as reserve officers and allow them to return to civilian status until needed. Places for many of these commissioned now are to be provided by creating divisional organizations among the regular regiments in the United States. The remainder will be assigned either to various staff corps where additional officers are needed or to be attached to various army units as supernumeraries for further training.

Since it is practically certain that at least 313,000 national army men will be called out by spring to make up the first million drafted men, the additional officers will be needed at that time and officials have decided that it would be better to keep them actively employed after their graduation rather than to turn them back to civil life for a few months at most. Many officer candidates left good civil positions to attend the schools which they could not regain for so short a period.

MANY SCHOOL CHILDREN PHYSICALLY IMPERFECT.

Chicago, Nov. 13.—Of the 20,000,000 school children in the public schools of the United States, 16,000,000 are physically imperfect, according to Owen Lovejoy, general secretary of the National Child labor committee of New York, here today attending a child welfare symposium.

FRENCH COMMISSIONER ARRIVES HOME

Washington, Nov. 13.—An official dispatch received today announced the arrival in France of Andre Tardieu, French high commissioner to the United States. Mr. Tardieu was called home for the great war conference at Paris.

GREAT DUTY WAR TRUCKS TO BE BUILT

WASHINGTON, Nov. 13.—Two heavy duty war trucks, the first designed and constructed under the direction of the army quartermaster corps, have developed greater power and capabilities than any such machine ever built for either war or commercial use according to an announcement today by the council of national defense.

Manufacture of the trucks on a large scale will begin soon and deliveries are expected by January 1. The first order will be for ten thousand, most of which will be sent to France.

Tests of the new trucks include runs over heavy hills near Fort Meyer, Va., and drives under full load across a special ditch four feet deep and seven feet wide. H. P. Thompson of the Massachusetts Institute of Technology, who is in charge of road tests, commencing this week, in which the machines will make continuous runs of 18 hours per day for at least a month.

KEEN COMPETITION IN WAR FUND CAMPAIGN

Plan to Raise \$35,000,000—Chicago Has So Far Pledged \$981,000.

New York, Nov. 13.—Keen competition among cities in various parts of the country in the campaign to raise the Young Men's Christian association \$35,000,000 war fund with which to provide care and comfort for American soldiers and sailors and those of the allies, was reported in official returns made public here tonight. A. H. Whiteford, director of the campaign has warned all the workers against overconfidence.

Chicago so far has pledged approximately \$981,000, it was announced; Cleveland, \$713,000; St. Louis, \$337,000; Cincinnati, \$197,000; Buffalo, \$128,000; Indianapolis, \$76,000; Akron, \$55,000; Omaha, \$48,000; Oklahoma City, \$42,000; Richmond, Va., \$36,600; Houston, Texas, \$32,000; El Paso, \$21,250 and Dallas \$14,000.

Sectional campaigns divided along the lines of the military departments exclusive of the middle Atlantic and western districts show that central division with headquarters at Chicago was in lead with \$1,862,401; Northeastern, Boston, \$417,660; southwestern, Dallas, \$231,275; Southern, Atlanta, \$124,932. It was explained that these figures do not represent the full totals up to tonight.

M'ADOO APPOINTS EXCESS PROFIT ADVISERS

WASHINGTON, Nov. 13.—Nine leaders in the business and economic world were appointed tonight by Secretary McAdoo to act as "excess profits advisers" to internal revenue Commissioner Koper in knotty legislative problems arising out of collection of war taxes on big profits. Creation of the committee was in line with the secretary's announced policy of "constructive co-operation between the department and taxpayers of the country in the proper collection of the full amount of all revenue authorized by congress."

The advisers are: Representative Cordell Hull, member of the ways and means committee; T. S. Adams, economist of Yale; Wallace D. Simmons, president of Simmons Hardware Company, St. Louis and Philadelphia; J. E. Sterret of the accounting firm of Price, Waterhouse and Co., New York; S. R. Bertrou, of Bertrou, Griscom & Co., bankers, New York; E. T. Meredith, agricultural editor, Des Moines; T. W. McCullough, editor of the Omaha Bee, Omaha, Nebraska; Stewart W. Cramer of the National Council of Cotton Manufacturers, Charlotte, N. C.; and Henry Walters, chairman of the Atlantic Coast Line and Louisville and Nashville Railway boards.

REJECT OFFER OF WAGE INCREASE

Cleveland, Nov. 13.—Twenty-five hundred car men today voted to reject the offer of the Cleveland Railway company for an immediate wage increase of three cents an hour and two cents an hour more beginning next day.

It was said most of the men favor an increase of ten cents an hour next May, which would raise the pay to 45 cents an hour.

It was admitted on all sides that three cent raise was lost even under the five cent increase plan.

U. S. AVIATORS ACTIVE

With the U. S. Army in France, Nov. 13.—By The Associated Press.—American army aviators have participated in bombing raids over Germany and have been doing observation duty at various points of the battle line.

The aviators are officers of the regular army, some of whom had been flying before the United States entered the war. Others of them are men who have been on duty at training quarters.

NEW SCHOOL OPENS

Chicago, Nov. 13.—The first continuation school in a Chicago industrial neighborhood was opened tonight when 250 office boys in the employ of Swift & Co. were gathered for their first session. The school will be under the supervision of the board of education which will furnish the instruction and will be kept by Swift & Co. Each boy will be required to attend school an hour a day which will be taken from his working hours.

PETITION IN BANKRUPTCY FILED

Danville, Ill., Nov. 13.—Voluntary petition in bankruptcy was filed in the district court here today by Lewis Conrad, general merchant of Savoy, Champaign county.

DANIELS REPORTS PROGRESS MADE IN U-BOAT PROBLEM

Modern Torpedo Boat Destroyer Best Weapon Against "Subs"

**FORTY THOUSAND
SUGGESTIONS SUBMITTED**

WASHINGTON, Nov. 13.—Important progress has been made in the problem of locating submarines, after which their destruction is a comparatively simple matter. Secretary Daniels said today in a statement discussing the 40,000 separate suggestions, plans or models of devices submitted to the naval consulting board since the United States entered the war against Germany.

"The idea that the submarine will be overcome by a miraculous invention is not now seriously considered," the secretary said. "The more intimate knowledge the civilian obtains on this subject, the more convinced he is that the submarine can be conquered by persistently hunting him down by the weapon of which he is most afraid. This is the armed service boat, equipped with all the latest scientific devices as typified in the modern torpedo boat destroyer. Foreign naval authorities have frankly stated their admiration for the degree of perfection of American designs."

"In regard to the protection of ships against torpedo attacks, the undeniable evidence of recent months of submarine activity has demonstrated that the immunity of a vessel depends very largely on its speed and maneuvering ability. There is a possibility that some artificial means of protecting cargo-carrying vessels may be found practicable. In no other field have so many suggestions or so many duplicate inventions been presented to the board."

The secretary said the thought on submarine defense may be subdivided in three groups:

(1) Methods to accomplish the destruction of submarines, involving detection and destruction after detection.

(2) Means of avoiding submarine attacks, involving instructions for merchant vessels, proper handling of vessels, camouflage, smoke screens and other confidential information known to American naval authorities.

(3) Protection of ships against torpedo hits.

All of the 40,000 suggestions submitted have received careful consideration. Mr. Daniels said and much valuable aid has been given to various branches of the war service.

Many proposals, however, have been found to be impractical largely due to the failure of the inventors properly to inform themselves of certain fundamental principles.

The naval consulting board and the navy department have prepared and are giving free distribution to pamphlets which give general information to inventors that they may avoid acting on misconceptions as to fundamental principles with consequent waste of effort.

ALIENS WITHDRAW BANK DEPOSITS

Washington, Nov. 13.—Heavy withdrawals of bank and postal deposits by aliens in some localities caused A. Mitchell Palmer, attorney general, to issue a formal statement today reiterating assurances that the government has no intention of interfering with the money or property of Germans, or citizens of countries allied with Germany, living and doing lawful business in this country.

Mr. Palmer said many published statements regarding this matter have been so misleading as to give fear that they may have originated in a deliberate wish to disturb and injure American business interests.

45,000 SOLDIERS APPLY FOR LIFE INSURANCE

Washington, Nov. 13.—More than 45,000 soldiers and sailors have applied for government life insurance aggregating nearly \$400,000,000, the treasury's war risk insurance bureau announced tonight. The average amount sought is between \$5,000 and \$9,000 indicating that most of the men are applying for the maximum policies of \$10,000.

GERARD ASSAILS GERMAN SYMPATHIZERS

PITTSBURGH, Nov. 13.—The time for repentance of disloyal Americans and pro-German sympathizers has passed and the day is at hand when every person must decide whether he is for or against America, declared James W. Gerard, former ambassador to Germany in an address at a food conservation mass meeting here today.

"We should 'hog tie' every disloyal German-American, feed every pacifist raw meat and hang every traitor to a lamp post, to insure success in this war," Mr. Gerard said. "And our traitors are not all German-Americans, but some men high in public life are aiding the Prussian cause. There is no dirtier chapter in American politics than the crusade of these men, whose names you know."

Telegraph Notes

LONDON, Nov. 13.—David Lloyd-George, British prime minister, returned today from the continent, where he attended the inter-allied conference. He was accompanied by Premier Venizelos, from Greece.

LONDON, Nov. 13.—The house of commons today adopted a bill extending the life of the parliament for another eight months, carrying it to July 30.

This is the fourth time the life of the parliament has been prolonged.

WASHINGTON, Nov. 13.—Forecasting early curtailment of non-essential business to release men and materials for industries necessary in the prosecution of the war, council of national defense, have taken up the problem of what industries best can be dispensed with.

OMAHA, Neb., Nov. 13.—Sixty-three industrial workers of the world were arrested here today in a raid conducted by federal agents. The men were attending a convention of I. W. W. from Nebraska, Minnesota, the Dakotas and several other states. All are being held for an investigation which will begin on Wednesday.

BELLEVILLE, Ill., Nov. 13.—Louis Brockway, former claim agent for the East St. Louis and suburban railroad company on trial with seven other white men charged with conspiracy in connection with the East St. Louis race riots, was identified today as the man who was leading a mob on the morning of the day of the riots.

Washington, Nov. 13.—American and French troops are fraternizing about the camps in France in a way that promises well for future joint operations. Private letters from American officers lay stress on the amicable relations that have been established between the men despite the difference in language.

Washington, Nov. 13.—Assistant Attorney General Pitts, in charge of criminal prosecutions for the government, declared in an address here tonight before the chamber of commerce that enemy propagandists now working in this country soon will be rounded up and the spy menace largely eliminated.

Buffalo, N. Y., Nov. 13.—President Wilson's plea to labor to maintain unhindered all the process of labor until Germany has been beaten, received its first answer today when the building trades department of the American federation of labor ordered the discontinuance of all strikes on government work under its jurisdiction.

Peoria, Ill., Nov. 13.—Dr. Willis H. Lovitt, Henry D. Rodell and Harry A. Hamilton today were granted a license by the secretary of state to organize the National Anti-Automobile Thieves' association. The idea is patterned after the old Anti-Horse Thieves' association and it is expected to enlist automobile owners as a vigilance committee. The organization proposes more drastic automobile legislation, state and national, and proposes prosecution of all automobile thieves.

AMERICAN MISSION HOLDS CONFERENCE

London, Nov. 13.—Col. E. M. House, head of the American mission, called the members to a conference today and received reports on the progress of their deliberations with their British colleagues. He expressed himself as pleased with the splendid co-operation manifested. The reports showed that the discussions had accomplished much in overcoming the difficulties heretofore caused by long range conversations.

The members also outlined to Colonel House what work remained to be done before they proceeded to the Paris conference.

PERSONNEL OF WAR TRADE BOARD COMPLETED

Washington, Nov. 13.—The personnel of the new war trade board was completed tonight by the appointment by Secretary McAdoo of Albert Strauss of New York, an expert on foreign exchange problems to represent the treasury. Mr. Strauss has been assisting Secretary McAdoo in an advisory capacity on foreign exchange, serving without pay.

DECIDE ON FORM OF RESOLUTIONS

Baltimore, Md., Nov. 13.—The board of governors of the Investment Bankers' Association today decided on the form of resolutions which will be introduced at the closing sessions of the convention tomorrow bearing on the limitation of new state, municipal and industrial securities not necessary which government financing is in progress and the creation of a permanent organization for the flotation of government issues and proper compensation for the bankers who take part in it.

LIEUTENANT PROMOTED

Davenport, Ia., Nov. 13.—Lieutenant Arthur Vollmer of the Custer Seventh Cavalry, a leading lawyer of this city and brother of Fred Vollmer, former state's attorney, today was promoted to captain of the seventh cavalry. He saw active service on the Mexican border.

MILITANTS' TRIAL POSTPONED

Washington, Nov. 13.—Trial of 41 women party militants arrested yesterday for picketing the white house were postponed today until Friday when the cases were called in court.

ITALIAN FORCES HOLD GREAT PART OF TEUTONIC LINE

Great Counter Thrust Liberates Italians Captured By Enemy

**FRENCH ARE CONFIDENT
BIG DRIVE IS STOPPED**

The Italians apparently are holding the Teutonic allies fast along the greater part of the curving battle front extending from Lake Garda south of the Trentino region, to the Adriatic Sea. Small gains have been reported for the Teutons on the northern front and at one point along the southern reaches of the Piave river.

On the Asiago plateau, where it was feared the invaders might break thru the Italian line and force a retirement of the armies guarding the western bank of the Piave, the enemy again has met with several severe reversals the Italians meeting vigorous attacks with their customary stamina and repelling them with serious losses. Indeed, near Canove, to the west of Asiago so strong and brilliantly executed was the Italian counter thrust that the forces of General Diaz, were able to liberate Italians who had been captured by the Austro-German army in the attempted flanking operation before the Italian line was stiffened last week.

To the northeast of the town of Asiago the Germans report the capture of the town of Fanzano and north west of Asiago on the Sette Comuni the fortified position of Mont Longara. On the southern Piave, between Monte Sandonia and Senzon some twenty three miles northeast of Venice the enemy forces crossed the stream and established a bridgehead on west side of the Piave. The Italians however, immediately turned on the invaders and forced them back toward the bank of the river.

Realizing the proximity of the enemy to Venice, preparations are being made to protect the ancient city and its historic buildings from the shells of the invaders. Sandbags have been piled high around the palace of the Doges and the Campanile. Doubtless most of the numerous works of art of which the city is famous already have been removed to places of security.

Out of the mass of contradictory statements regarding the situation in Russia the salient fact seems to stand out that the Bolshevik forces still are in control of Petrograd. A wireless despatch received in London announces the defeat of the followers of Premier Kerensky and General Korniloff on Monday in fighting near Tsarkoe-Selo, while in Petrograd the recalcitrants are declared to be maintaining the upper hand against the military cadets and other adherents of the Kerensky regime.

Confident Drive is Stopped
Washington, Nov. 13.—France's confidence that the Teutonic drive into Italy has been stopped is expressed in a war office statement cable today to the French embassy here.

"The Germans have exaggerated the importance of the Italian defeat," the statement says. "In reality the Italian armies are far from being defeated. The second army only has seriously suffered. On the 24th of October a violent offense of the Germans between Prezzo and Tomino took the positions of the Kolovist and gained the high valleys of Judrio and Natzone. On the 25th and 26th, after the loss of Mafajur and Mont Magior, the second army fell back first on the Tagliamento then on the Piave. This falling back was executed under the protection of rear guards which comported themselves admirably, and the retreat took place in good order."

"The line of the Piave is actually solidly held. The Italian general staff is awaiting the enemy forces. These operations having shortened the front, allow of better means of resistance."

"The English and French armies are in reserve behind."

"The morale of the army has been strengthened and is becoming excellent."

"The country at first strongly shaken are becoming more settled as the political parties are getting more unified."

Military men here believe that the Austro-German thrust in Italy has reached its crest, and evidences of the use to which the German high command will attempt to put its advantage are now watched with real interest.

In his weekly war review issued today Secretary Baker indicated his opinion that the drive was primarily a political movement. This opinion is shared by numerous American officers and in some quarters it is believed that a fourth peace offer is to be expected at any moment from German sources. It is suggested that it may come in some indirect fashion to be disclaimed in Berlin if it brings no results.

DETACHMENTS RETURN TO THEIR BILLETTS

With The American Army In France, Nov. 13.—By The Associated Press.—The second American detachments to enter the trenches have returned to their billets. The relief was accomplished successfully and without the knowledge of the Germans. The third series of battalions now is occupying the first line having marched in on a brilliant starlight night.

Among the returned troops is the company which bore the brunt of the raid on the trenches by German shock troops. The battalions in the trenches had a good taste of shell fire during the first hours the Germans using the artillery more heavily than usual and continuing steadily and the American batteries replying energetically.

There has been active patrolling in No-Man's Land by the Americans and the enemy, but no clash between patrols has so far been reported.

SHIPPERS PROTEST AGAINST RATE INCREASE

Washington, Nov. 13.—Shippers of lumber, ice and cement, appearing today before an interstate commerce commission examiner to protest against the proposed fifteen percent rate increase objected both to advanced rates and to the methods of the eastern roads in seeking them. Witnesses testified that they believed the plan proposed would cause wide disparity of rates with resultant advantages to certain towns over others.

William J. Womer, representing the district ice association and the Consumers' company of Chicago, and who also spoke for gravel and sand shippers of that territory stated that the ice manufacturers could not stand further freight rate burdens. He testified that ice makers in Chicago were considering closing down their plants as manufacturers in other cities have already done because of the fuel situation. This, he said, would mean that shippers of natural ice must send to Chicago 800,000 tons annually more than the 3,500,000 tons they now ship to that city.

He testified that the sand and gravel shippers held much the same attitude results of a percent increase as did the lumber men.

ITALIAN CHIEF RECEIVES CORRESPONDENTS

HEADQUARTERS OF THE ITALIAN ARMY, Monday, Nov. 12.—By The Associated Press.—General Diaz, the new chief of the general staff, a man of sturdy build and manner vibrating with energy and reserve force, tonight received the correspondents attached to headquarters. Referring to the presence of those representing the press of Italy and the allied countries, the general said he felt sure of their co-operation at the present solemn moment adding: "I do not doubt that all will aid in the common end of elucidating and elevating the public mind so that all will be animated toward that victorious result to which our country looks forward, even in the difficult and terrible experiences of the present day."

PLAN UNDERWAY TO MERGER RIVER TOWNS

EAST ST. LOUIS, Nov. 13.—A plan for the merger of all the towns on the east side of the Mississippi river from Granite City to Duplo, Ill., and from the river back six miles was made public today. It will be presented to the East St. Louis Chamber of Commerce November 22.

Under the plan East St. Louis, Granite City, Madison, Venice, Brooklyn, National City, Cahokia, Duplo, Falling Springs and Fairmount, with a combined population of 200,000, would be merged. The new municipality would have a river front of fifteen miles.

ISSUE ORDER RESTRICTING LIGHTING OF ELECTRIC SIGNS

Washington, Nov. 13.—The fuel administration's formal order restricting the lighting of electric signs to the hours of 7:45 p. m. to 11 p. m. after November 15, was issued today. State Fuel Administrators were instructed to report violations of the new practice so that the federal fuel administration may see that power plants have no opportunity to waste coal generating electricity for the purposes which the order characterizes as wasteful.

NO NEED FOR SPECIAL SESSION OF LEGISLATURE

Chicago, Nov. 13.—Speaker David E. Shanahan, of the Fifth Illinois General Assembly, who has been at Houston, Tex., with Governor Lowden, returned to Chicago today. He said that the chief executive had not discussed a special session of the legislature and that if the governor had it in mind he had failed to intimate anything of the kind. Mr. Shanahan said that he knew no need for a special session now unless the financial stress of the municipal administration of Chicago is acute.

PENNIES SCARCE

Davenport, Ia., Nov. 13.—When the paymaster of the Rock Island arsenal ran short 10,000 pennies in paying off the employees today he resorted to paying the odd amounts in certificates signed by the commander, Col. George W. Burr. Most of the certificates were donated to the Red Cross by the arsenal employees.

HAVE HARD PRACTICE

Chicago, Nov. 13.—The Northwestern University had a hard practice today at running signals, scrimmage play and drill on old plays which the team has used to advantage in previous contests this season. Northwestern will meet the University of Iowa at Evanston on Saturday.

RESIGNATION OF FRENCH CABINET FOLLOWS DEFEAT

**Ministry Resigns After
Vote Against it In the
Chamber of Deputies**

**PAINLEVE ORGANIZES
CABINET SEPT 14TH**

PARIS, Nov. 11.—The ministry resigned tonight. The resignation of the ministry followed its defeat in the chamber of deputies by a vote of 277 to 186.

Premier Paul Painleve organized the cabinet on September 14 and succeeded Alexander Ribot as premier, whose ministry resigned on September 7. The new cabinet which originally consisted of 15 titular ministers, 4 ministers of state and 11 under-secretaries, came immediately under the fire of Socialists who were opposed to M. Ribot as foreign minister. This cabinet resigned on October 22, but President Poincare refused to accept the resignation on the ground that the chamber had voted confidence in the ministry.

M. Ribot was then eliminated from the cabinet being succeeded by J. Louis Barthou as head of the foreign office. The reconstituted government received a vote of confidence 288 to 237. The opposition votes were partly from the Socialists and partly from the radical Socialists. The vote seemed to indicate hesitation on the part of the chamber to defeat any ministry by a direct vote during the war.

After the government had obtained a restricted but sufficient majority on the question of confidence in its military and diplomatic policy a determined attempt was made to bring on a discussion of current scandals, including the accusations of L'Action Francaise of a royalist plot and against former minister of the interior, M. Ribot, but Painleve demanded a postponement of the interpellations until Nov. 30, when the inter-allied conference would be finished. A postponement was then made a question of confidence and the chamber, by a vote of 277 to 186 in which the right joined the cabinet's opponents refused to acquiesce in the premier's demand. Thereupon, the ministers left the chamber and went to the Elysee Palace and resigned.

FULL AUTHORITY GIVEN FUEL ADMINISTRATORS

Washington, Nov. 13.—State fuel administrators today were given full authority by the fuel administration to make all regulations regarding local distribution and particularly to see that the fuel supply is equitably distributed at fair prices. Where legal authority must be invoked to carry out the regulations special authorization will be confirmed. The state administrator has authority to promulgate reasonable regulations regarding local distribution," said an announcement tonight by Administrator Garfield.

"He may require dealers to deliver only a limited quantity to any one consumer. He may require consumers to state their supply on hand and their requirements. He may take measures to prevent hoarding. The state administrator is authorized to proceed with measures of this character and should have no difficulty in making them effective by force of public opinion. If this is not possible he should telegraph at once to the United States fuel administration the action he recommends and request the necessary authority."

NEGRO CONFESES TO MURDER

Rock Island, Ill., Nov. 13.—William Carter, negro, confessed slayer of Peter Jelyek, in a rooming house here a week ago, was hurriedly removed from the county jail last night by the local authorities and whisked away in an automobile to an unknown destination to escape the fury of a mob which was gathering in the downtown district.

PRICES ARE CUT

Chicago, Nov. 13.—The fair price committee of the Illinois food administration ceased quoting lard in cans today and began quoting it in bulk, with the view of promoting bulk sales and saving tin.

A slight revision of the whole price list was made today. Bacon was cut half a cent. Rice advanced and prunes and beans declined.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Cloudy to partly cloudy Wednesday and Thursday, not much change in temperature.

Temperatures.
The current maximum and minimum temperatures as recorded Tuesday were:

in this paper and also the local
news published herein.

Work at the kitchen range helps
support soldiers at the rifle range.

In a fight to save manhood as well
as men are you ready to contribute?
Call at Army Y. M. C. A. headquarters
and "put up."

The Army Y. M. C. A. goes all the
way to the firing line to serve. Help
yourself and your country by sub-
scribing liberally to the good cause.

Feminine subway guards are the
latest in New York city. A much
more lady-like occupation than pick-
eting at the White House.

The rumor that pacifists are hold-
ing meetings in school houses at
Springfield is to be investigated by
the board of education at Springfield.
They will sneak in where they are
not wanted.

It will take sixty days to classify
those who are registered for military
duty, so there will not be another
call until well into January.

One of the eight instructors at
Champaign charged with disloyal ut-
terances has resigned. The others
have outlived their usefulness. There
should be no doubt of the attitude of
every member of the faculty there
or elsewhere in the state.

"Local pride is rapidly developing.
It appears that there is less harping
upon matters which we cannot help,
and more "boasting" for the things
of which we have reason to be
proud." The above quotation is from
the Quincy Journal.

CONCEALING FOOD STUFFS.

Secret service agents have discov-
ered foodstuffs and other property
valued at more than \$73,000,000
stored in warehouses in this city
which has never been reported to the
government as required under the
trading with the enemy act. It was
learned today. This is only a small
part of what is expected to be uncov-

ered before the search ends. When
the search discloses the ownership
they should be penalized to such an
extent as to leave little profit in the
goods.

The red triangle is the sign of
cheer, entertainment, comfort and
practical help on the fighting fronts.
It is the comrade of the Red Cross
in its ministry to the need of the sol-
diers. Behind it is a broad, virile,
generous spirit of heroic brother-
hood. Says the Chicago Post.

Speaker Clark is right, declares the
New York Sun. Congress has done
a job of appropriating money that
"staggered the imagination." But
there is nothing imaginary about the
next thing—staggering along under
the taxes. We'll do it, cheerfully,
somehow.

It is said that there are 450,000
Germans in the three southern Bra-
zilian states. In the city of Parana
one in every three of the inhabitants
is German or of immediate extrac-
tion. Brazil has as little to fear from
the German element of its popula-
tion in an open conflict as has the
United States. But in Brazil, as in
the United States, the disloyal Ger-
man element is fighting neither open-
ly nor honorably.

THE RED TRIANGLE.

The following from the Globe-Dem-
ocrat is timely: In the Red Triangle
—sign and symbol of the Young
Men's Christian association—are in-
cluded spirit, body and mind. These
include everything. There is here no
need of an unattainable Fourth Di-
mension. An institution which builds
for development of the mind, body
and spirit of young men is building
for the centuries. It is making a na-
tion strong in all the elements of
power, and when, in times that try
the souls of men, it calls on the citi-
zens of a country to help it in carry-
ing forward its work to the place
where the minds, bodies and spirits
of young men are to be tested in a
fiery crucible, the response should
be quick and generous.

PAYING ROYALTIES.

German patents in this country
are now available for use by Ameri-
cans, with an arrangement for roy-
alties to be paid to the German owners
of the patents after the war, accord-
ing to the Boston Globe. The Ger-
man government has been making
free use of American patents, espe-
cially of those on inventions useful in
building submarines. Does anyone
dream that the owners of the Ameri-
can patents will ever receive a roy-
alty?

THE JOURNEY TO FRANCE.

With the Fifth Illinois regiment
rehabilitated, and praised by a state-
ment of Gen. Todd, acting division
commander at Camp Logan, Texas,
the 30,000 federalized Illinois troops
are anxiously awaiting for November

30, the last date of the present war
department order instructing them to
break up camp. If this order is not
annulled, the soldiers will leave
camp on the second leg of their jour-
ney to France. It is very probable
they will be given a second course in
training nearer the seaboard. Our
own boys are included in this order.
Could not some movement for send-
ing them a Christmas greeting of
some kind be organized here.

THE PROHIBITION CAUSE.

"Where is prohibition now?" asks
Arthur Mee, who has done much for
that cause in the United Kingdom,
and straightway answers his own
question: "Surely it is marching to
the promised land. It is where Cana-
da has put it, where America has
put it, where Australia has put it. It
is behind their war policy all the
time. It is marching through the
great workshops of the United
States; it is absolute in her camps
and armies and fleets. Under it Cana-
da has become, for the first time
in her history, a financially inde-
pendent nation." And then he adds
this: "Is it really a vain dream that
the United Kingdom may yet line up
with the younger English-speaking
nations? Is it really possible to say
that until we do we are doing our
best to win the war?" It is a vigor-
ous appeal and apposite on both sides
of the Atlantic.

THE HUN.

To trim the Hun, we've but begun,
to make our preparation, and when
we're thru, it will be true that
there's been reparation. For we
know why the children cry, and the
women cringe in terror, because that
Brute, the big galoot, so steeped in
crime and error, don't even dare, to
come out fair, or fight by the regula-
tions. But sends his spies, to tell
us lies and breaks his obligations.
This scrap may be, for you and me,
a long drawn out occasion, but its
worth while, we'll bet our pile and
nurse some sore abrasion, to show
the Hun, that it's no fun, to start
a world invasion. We know what
chance, they gave to France, when
on their sudden sally, they swept
across with such a loss to find some
other Ally, had seen the right, got
in the fight, and even'd up the tally.
By E. C. Graves.
Walt Mason's understudy.

TERSE POINTS FROM
WILSON'S ADDRESS.

If Germany can keep what she now
holds, she has kept all that her
dreams contemplated.
Germany is determined that the
political power of the world shall be-
long to her.

What I am opposed to is not the
feeling of the pacifists, but their stu-
pidity.
I did not send Col. House on a
peace mission; I sent him to take
part in a conference as to how the
war is to be won.

While we are fighting for freedom
we must see that labor is free.
The mob spirit is displaying itself
here and there in this country. I
want to utter my earnest protest
against any manifestation of the spir-
it of lawlessness anywhere or in any
cause.

Democracy means, first of all, that
we can govern ourselves.
Nobody has a right to stop the
processes of labor until all the meth-
ods of conciliation and settlement
have been exhausted.
I would like to see all the critics
exported.

The horses that kick over the
traces will have to be put in the
corral.

FIFTY YEARS IN
THE PRINTING BUSINESS

W. T. Hedenberg, publisher of the
Versailles Sentinel, invited a number
of his newspaper friends to dinner
a few days ago, to help celebrate
the fiftieth anniversary of the date
of his entry into the printing busi-
ness. There was a representative
gathering of men in the business
from his vicinity, among them Mr.
Davis, of the Mt. Sterling Message,
with whose father, Mr. Hedenberg
began his work. The message is a
fine example of what a local paper
should be in a community like Mt.
Sterling, and Mr. Hedenberg's ap-
prenticeship was a most thoro train-
ing for a long life of usefulness in
the printing and publishing business.
But fifty years is a long time to be
engaged in any one line and to be
actively engaged. Few men even in
the business today realize what it
meant to be called an all-around
printer 50 years ago. When all
the work was done by hand, the

making of rollers with glue and
molasses, running an old-time hand
press, etc. Every man had to de-
pend on his own exertion and knowl-
edge and a day's work was from
ten to fifteen hours. The old time
tramp printer as he existed at that
date was an aggravation and a deli-
ght in many ways. The country
will never see his like again. We
have a few weak, drunken imitations
at times, but his glory has passed.
A great part of Mr. Hedenberg's life
was passed at Meredosia but be-
fore he settled there he was engaged
in business in many places. He was
in Jacksonville in the early '70s in
the employ of Manning, Paradise &
Hambough, in the publication of the
Sentinel. At present he is senior
editor of the Versailles Sentinel, a
bright, all home print publication.
In his office, used as a proof press
is probably the oldest printing press
in Illinois—a Franklin, wooden
frame hand press, that was used in
the publication of a newspaper at the
first capital of the state, or rather
before Illinois became a state.
Mr. Hedenberg and his wife en-
tertained his friends at a dinner that
surely testified to the house keeping
ability of Mrs. Hedenberg and she
has certainly been a helpmeet worthy
of a good man. May they have many
years of health and happiness.

Rippling Rhymes
By WALT MASON

add RRippling Rhymes 50

Looking for Peace

I'm longing for the boon of peace,
that's been for weary years mislaid; I
yearn to see the struggle cease, and
captains seek some milder trade.
Who is not weary of the strife, of
war with greedy, reeking jaws? Me-
thinks the whole world and his wife
would hail said boon with glad hurrahs.
The world is dark without
this boon, the large smooth boon
which I write, at noon I crown
a yearning one, I sigh for it at morn
and night but when the boom at last
appears, it ought to bear the
guarantee that never more in
coming years will war lords wield
the snickersnee. I would not
give a rind of cheese, for any tin-
horn, misfit boon that's bound to
bag around the knees. I hear some
fellows boasting peace, regardless of
the brand on tap; but, as I've said
to Jane, my niece, this has to be
the last big scrap. Until the captains
are agreed, and make their vow, to
help them John that armaments
must go to seed, oh, let the dreary
fight drag on! Still around the drum
and loud bassoon, still ply the clay-
more and the gun, until we have an
all-wool boon, that will not ravel
rip or run!

DEATHS

Wilson

William, better known as "Billy"
Wilson, an inmate of the county farm
for more than a quarter of a century
died at the farm Tuesday morning.
He was born near Murrayville and
was well known in the south part of
the county. He was about 90 years
of age at the time of death. Ar-
rangements for the funeral have not
been made.

Redding

Mrs. Amanda Redding, a former
resident of this city, died at the home
of her son Lewis in Springfield Tues-
day morning. Mrs. Redding was 76
years of age and resided in Jack-
sonville for many years. Her husband
was a veteran of the Civil war and
shortly after his death she removed
to Springfield. She is survived by
four sons and two daughters, as fol-
lows: Enoch, Charles, Lewis and
Robert and Mrs. Emory of Pike coun-
ty, and Mrs. Smith of St. Louis. Her
son Charles is janitor at Washington
school. Mrs. Redding was a mem-
ber of First Baptist church and was
a woman highly regarded by all who
knew her. The remains were brought
to this city from Springfield Tuesday
evening and taken to the undertaking
parlors of W. W. Gilham. Funeral
arrangements will be announced lat-
er.

TRI-KAPPA SOCIETY

The Tri-Kappa society of Whipple
Academy had a regular meeting in
the girls room at Illinois College.
The following program was given:
Declamation—Marcus pleads with
Mercia—Flavia Paylor.
Reading—The Telegraph Operator
—Violet Murphy.
Music—Angels of Night—Golda
Taylor.
Extemporaneous Talk—Our At-
titude Toward the Student Friendship
Fund—Shirley Murgatroyd.
Narration—Ten Days at Matanzas
—Alice Bray.
Current Events—Frances Strawn.

KINDERGARTEN BOARD
HELD MEETING

The Free Kindergarten board held
a meeting at the Public Library Mon-
day afternoon. There was a good
attendance and a number of plans for
the betterment of the school were
discussed. Miss Hopper reported that
a Halloween party had been given
for the little ones and that plans
were in progress for a program for
a Thanksgiving entertainment. The
Domestic Science Round Table is
preparing to make garments for the
pupils of the school.

MAY TRY SPRINGFIELD
DAMAGE SUITS HERE

It is possible that damage suits
filed in Springfield against the
Springfield Consolidated Railway Co.
may be tried in this county. There
are twenty six personal injury suits
pending. A. M. Fitzgerald, attor-
ney for the utilities company, pre-
sented before Judge Jones fifteen
affidavits setting forth the belief that
it would be impossible for the com-
pany to secure a fair and impartial
jury in Sangamon county. After
hearing the evidence Judge Jones
granted a change of venue either to
Morgan or Macoupin county.

Social Events

Supper at First
Baptist Church.

The supper given at First Baptist
church Tuesday evening by the ad-
visory board of the church was cer-
tainly a successful event in every
particular. The advisory board is
composed of the deacons, trustees,
and five laymen. The object of each
organization in the church is to give
some sort of entertainment and raise
as large a sum as possible to be turned
in in Thanksgiving day to the build-
ing fund. This fund is for the pur-
pose of erecting a new Sunday school
building and work will be com-
menced on the structure as soon as
half of the sum is raised. Arrange-
ments had been made Tuesday even-
ing for 200 guests but more than
that number sat down to a splendid
menu excellently served. The entire
affair was planned and the menu was
prepared by the men with the as-
sistance of a few ladies of the
church. Charles F. Story was chair-
man of the committee in charge of
arrangements. L. B. Turner had
charge of the dining room. J. W.
Chapman received the guests and A.
B. Williamson was in charge of the
kitchen. Other members of the com-
mittee acted as waiters.

Brooklyn Ladies Aid
Met Tuesday Afternoon.

The Ladies' Aid society of Brook-
lyn church met Tuesday afternoon
and made plans for the annual
chicken supper and bazaar to be held
Thursday Dec. 6. The society decid-
ed to change the time of the meet-
ing from the second Tuesday to the
first Wednesday of the month. The
following committees were named:
Flowers—Mrs. J. A. Walters, Mrs.
Eva Porter.
Visiting sick—Mrs. Walters, Mrs.
C. H. Sheppard, Mrs. T. B. Reeve.

Delta Alpha Class
Elected Officers.

The Delta Alpha class of Central
Christian church met at the home of
Mrs. William O. Swales of South Clay
avenue Monday evening. The an-
nual election of officers was held and
the following chosen:
President—Miss Blanche Turley.
Vice President—Mrs. William
Swales.
Secretary—Mrs. J. M. Fristoe.
Assistant secretary—Miss Mabel
Bourne.
Treasurer—Mrs. Rena McGinnis.
Assistant treasurer—Mrs. V. Hoff-
man.

The society decided to furnish din-
ners for two families at Thanksgiv-
ing.
The following meeting places were
announced for the coming winter and
spring months. December with Mrs.
Newall, January with Miss Lillian
Carter, February with Miss Inez
Cummings, March with Miss Blanche
Turley, April with Mrs. Peck. Several
musical numbers were given during
the evening and refreshments were
served.

Star Camp Royal Neighbors
Held Indoor Picnic.

Members of Star Camp Royal
Neighbors of America held an indoor
picnic in Woodman hall Tuesday
evening which was largely attended
and a success in every particular.
The Camp had planned an outdoor
picnic at Nichols Park last summer
but it was postponed on account of
bad weather and it was decided in-
stead to hold an indoor picnic. Each
member brought a share of the re-
freshments and there was such an
abundance that it was impossible to
get it all on the table. The tables
were tastefully decorated for the oc-
casion. The committee in charge
was composed of Virginia Pires,
Myrtle Foreman, Elizabeth Todd,
Morris Swearingen, Eliza McNamara
and Joaquin Evans. Vocal numbers
were given by Mary Todd and Mar-
garet Baptist and recitations by
Garneda Phelps and Meada Todd.
Brady Bros. donated an Edison
which furnished fine music during
the evening.

PRAYER MEETING

AT NORTHMINSTER
Regular prayer services will be
held at Northminster church this ev-
ening at 7:30 o'clock in charge of
the Rev. C. W. Estes of Ashmore, a
lifelong friend of Rev. W. E. Spoons,
who is visiting here.

Following the prayer service there
will be a congregational meeting at
which plans will be formulated for
\$1,000 day, which has been set for
Sunday, Nov. 25. It is probable al-
so that a fellowship dinner will be
served on that day. All members
are urged to be present.

SHERMAN TRIAL IS ON
IN SANGAMON COUNTY

A suit is on trial in the Sangamon
county circuit court against U. S.
Senator L. Y. Sherman brought by
his former housekeepers, Louis L.
and Mary Chace. The complainants
formerly kept house for Senator
Sherman and their claim alleges that
he owes them \$10,000 for services,
room rent and board. Senator Sher-
man denies the alleged indebtedness.
He maintains that some of the claims
are invalid and the previous pay-
ment of others.

BIRTHDAY OBSERVED

Squire J. M. Coons celebrated
his eighty second birthday Tuesday
and was warmly congratulated by
his many friends here. Squire Coons
is in good health and gives promise
of seeing many more birthday an-
niversaries. He had expected the pre-
sence of his brothers and sisters
from Kentucky on the occasion and
was disappointed that it was impos-
sible for them to come at this time.

PROBATE COURT

Mrs. Elizabeth Carpenter, who
died recently in Waverly, executed a
will under date of Feb. 9, 1884.
Subsequently she was married and
this marriage revoked the will. The
document was witnessed by M. T.
Layman and W. W. Brown and left
in the custody of Judge Layman.
Yesterday he filed the will in the
office of the county clerk. No executor
was named in the document.

NOW ENJOYS THREE
GOOD MEALS DAILY

Urbana, Ill., Nov. 13.—Three good
hearty meals a day, sound sleep at
night and renewed vigor are only a
few of the benefits mentioned by
Mrs. Guy Fox, 1004 West Stoughton
street, Urbana, in her statement made
on June 1 regarding the relief she
gained through Tanlac, the celebra-
ted new medicine.

"For the past twelve years I have
suffered at different times from
stomach and liver trouble," Mrs. Fox
said. "My kidneys were also out of
shape. I simply didn't care for a
thing to eat and just had to force
down enough food to live on. Gas
formations, shortness of breath and
bloating would invariably follow
even the slightest of my meals. It
was impossible for me to sleep at
night. I always felt tired and worn
out of mornings.
"Well sir, in two days after I be-

gan taking Tanlac I noticed a re-
markable improvement. And I
wasn't the only one, either, for my
relatives remarked about the great
change, too. My stomach, liver and
kidneys are in fine shape now. I eat
three big, hearty meals every day
now and the food agrees with me
perfectly. I can eat anything for
supper and then go right to bed and
enjoy a fine night's sleep. I feel
fresh and rested of mornings, too. In
short, Tanlac has given me new life
and made living a real pleasure to
me."
Tanlac is now being introduced
and explained in Jacksonville at
Coover & Shreve's drug stores. It
also may be obtained in the follow-
ing nearby towns: Waverly, Wyle
Drug Co.; New Berlin, New Berlin
Drug Co.; Ashland, H. O. Brown-
back; Versailles, A. G. Bates; Cha-
pin, F. P. McKinney.—Adv.

Peters of Lindenwood, Ogle Co., from there they drove to Rockford to visit friends at Camp Grant and stopped at Ashton and called on Dr. H. A. Bremmer formerly of Merritt.

Dean Antrabus is in Jacksonville this week.

BOUGHT BY POLICE FOR STEALING BOND FUNDS

New York, Nov. 13.—An announcement was made by the local branch of the Department of Justice today that Elmer Diggins, until recently manager of a New York insurance agency is a fugitive from justice. Charged with misappropriating the proceeds of sales of Liberty bonds, which he made in the capacity of a broker.

Diggins arranged with the Liberty Loan Committee to sell bonds on the last issue on the installment plan. He is credited with having sold at least \$300,000, and perhaps \$500,000 worth of the bonds. His sales were all made on the installment plan and he arranged with purchasers to receive the installments. It is charged that he placed the installments to his own credit in his bank. Until everybody who bought bonds from him is questioned there is no way of telling the extent of his operations. Secret service men went to his office last Saturday to arrest him, but he already had gone.

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STOPIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

BLUFFS RED CROSS CHAPTER SERVED SOUP

Realized \$37, Which Was Divided Equally Between the Red Cross and Y. M. C. A. Army Fund—Infant Child of Mr. and Mrs. John Sandman Dies of Whooping Cough

Bluffs, Nov. 13.—The burgoon soup served by the local chapter of the Red Cross Saturday netted \$37, which was evenly divided among the Y. M. C. A., the Red Cross Sewing Room and the Yarn Benefit. Thus far \$95 has been spent for yarn, \$45 of which was furnished by the Woman's club. There are plenty of women who are anxious and willing to knit but supplying the yarn is the great problem now confronting the society.

"Six Times Nine", the home talent play which was given here a few evenings ago will be given in Winchester Wednesday night Nov. 21, for the benefit of the Red Cross there.

Much interest is being taken by our women in registering and signing the pledge card. There are not many slackers in that line here.

The Household Science Club pledged one hundred tray cloths for the Red Cross most of which have already been turned in. The Woman's clubs are federated for unity and each does a certain branch of Red Cross work.

Anna Belle, the infant daughter of Mr. and Mrs. John Sandman of near Exeter died at her home Monday after four weeks' illness of whooping cough aged 1 year, 2 months and 27 days. One sister, Louise, preceded her in death eleven years ago. Besides her parents, she is survived by two brothers Edward and Johnnie and one sister Lela. Funeral services will be held at the family home Wednesday at 1 o'clock. The Rev. P. A. Sorenson of Bluffs will have charge of the service. Interment will be made at the Exeter cemetery.

INJURED BY GUNSHOT

Harrison Batty of Macoupin county was brought to Passavant hospital Tuesday night as a result of injuries received while hunting. By the accidental discharge of a shot gun part of his left elbow was torn away. Dr. C. E. Black operated on the injured man. Batty was out hunting with his father-in-law, Mr. Lester, a few miles from Virden. As

He is now a man without money. He "bit" at a Get-rich-quick Scheme.

A smooth-tongued schemer came along and showed him how he could make "big money." He put in his pile and LOST it.

Just plain common sense should have told him if that project was so good, the schemer would have kept it for himself. Or, he should have consulted his BANKER, who knows about these things. Then he wouldn't have lost his money.

We shall gladly advise you on any investment you are thinking of making.

CHARACTERIZES INTER-ALLIED WAR COMMITTEE

Declared "Superior War Council" by Premier Painleve in French Senate and Chamber of Deputies.

Paris, Nov. 13.—The new inter-allied war committee was characterized as a "superior war council" in a declaration read by Premier Painleve in both the senate and the chamber of deputies today.

"We do not doubt that the United States whose troops have been summoned to fight on this front will give their adhesion to this council," he said. "Negotiations concerning the other fronts will ultimately be carried on with Russia and Japan. The object of the council is not to direct the details of military operations but to define the general war policy and the general plans of the allies adapting them to the resource and means of which they dispose, as to assure the strongest result possible. The council comprises two representatives of each government. Normally it will meet in France, at least once a month. It rests on an inter-allied permanent staff, which forms at the same time its general organ of information and its technical adviser. The decisions of such a council are not tainted by any particularism as they embrace the battlefields as a whole. They will have to be ratified by the respective governments."

The premier said the British and French commander-in-chief had come to an arrangement for an extension of the British front at an early date which it would be injudicious to mention exactly. He referred to the necessity of systematic and complete economic co-ordination of resources of the allies. Great Britain and France he concluded had reached a complete agreement respecting the provisioning of the two countries which would be put into immediate execution.

After a heated discussion on the various interpellations, Premier Painleve put the question bluntly:

"Has the present government the confidence of the chamber? Has it the necessary authority to represent France at the coming allied conference?"

The government then received a vote of confidence, 250 to 192, a majority of 58, but about 100 members abstained from voting.

After reading his declaration Premier Painleve said that he accepted discussion of the government's diplomatic and military, but not interior policy. The question of the current scandals being thus barred, Abel Ferry condemned the new war council as merely an inter-allied secretariat bureau.

Deputy Miller and advocated the appointment of a generalissimo for the allies. The premier replied:

"Even if we could have a generalissimo, disposing all the allied troops at his fancy he would need a permanent inter-allied 'general staff.' Why demand the impossible and not accept the possible?"

M. Renaudel said the Socialists refused to vote confidence in the government. This accounts virtually for all the abstentions.

SIMPLE CEREMONIES.

Rome, Ga., Nov. 13.—With simple ceremonies a monument was erected here today over the grave of Mrs. Woodrow Wilson at Myrtle Hill cemetery. Herbert Adams, a New York sculptor, designed the shaft. Floral tributes from the women and children of Rome covered the grave.

FIRST DELIVERIES OF AIRPLANE MOTORS SOON

WASHINGTON, Nov. 13.—First deliveries of machine-made liberty airplane motors, initiating the quantity production of the machines required to furnish the means of carrying the war to Germany in the air on a decisive scale will begin in the near future. Motors tested up to this time have been largely produced as individual units.

Unless the repeated statement from Germany that she has discontinued the American program in advance proves to be better founded than it is believed to be, army and navy officers have little doubt that enormous pressure can be exerted with the liberty fleets.

HONOR CONGRESSIONAL PARTY

Paris, Nov. 13.—Renry Franklin H. Bouillon, minister of missions abroad, today gave a luncheon in honor of the American congressional party. Senator Pinchot delivered an informal address, dwelling on the friendly relations between France and the United States and expressing the hope that more congressmen would visit this country and see for themselves what was being done.

BUILDING OPERATIONS OF CATHEDRAL BROUGHT TO HALT

New York, Nov. 13.—All building operations at the Cathedral of St. John the Divine, which has been in process of construction a score of years and designed to be one of the great cathedrals of the world are to be brought to a halt until whatever time peace shall come in order that the Episcopal church shall not divert any energies or resources that can be put into the winning of the war.

SUSTAINS CONSTITUTIONALITY OF DRAFT LAW

Wilmington, Del. Nov. 13.—Judge Bradford in the United States district court today handed down a decision sustaining the constitutionality of the draft law. The contention raised that the government had no right to compel citizens to perform military service outside of the country.

RED CROSS APPROPRIATES FOR BELGIUM RELIEF WORK

Washington, Nov. 13.—The American Red Cross war council today announced the appropriation of \$1,250,000 for relief work in Roumania, in response to a report by W. H. Anderson, chairman of the Red Cross commission to Roumania. In a territory normally occupied by 1,000,000 persons there is now a population of 3,000,000 Mr. Anderson cabled.

CONDEMN SYSTEM OF HANDLING PERISHABLE FOODS

Chicago, Nov. 13.—Condemnation of the system of handling perishable foods has been justified in the investigation of the railroad dumps at West Chicago and other places, in the opinion of Harry A. Wheeler, federal food administration for Illinois, altho no ground for successful prosecution of charges of wilful waste or criminal destruction of food products has been found.

ANNIVERSARY OF CHERRY MINE DISASTER

Streator, Ill., Nov. 13.—Today, the eighth anniversary of the Cherry Mine disaster had more thrills for George Eddy, an inspector, who was trapped for eight days in the Cherry mine when more than 200 miners lost their lives in 1909. Eddy was working in the shaft of the Streator Clay company's plant today when fire broke out and threatened to cut him off from help. He was rescued unhurt. The fire did \$2,000 damage.

TURN CATTLE INTO CORN FIELDS

Cedar Rapids, Ia., Nov. 13.—Reports have been brought to this city that farmers north of here have turned their cattle and hogs into the corn fields rather than have the expense of husking it. Persons making a survey of conditions have warned huskers to remain in this section as there is no work for them in the northern counties. The men say that the corn is in a very milky condition and would soon mildew if put into the crib.

CIRCULATION MANAGERS MEET IN SPRINGFIELD

Springfield, Ill., Nov. 13.—Circulation managers of 22 Illinois newspapers met here today for the annual meeting of their organization. Officers will be elected tomorrow.

Rockford, Ill., Nov. 13.—First Lieutenant Ernest L. Gentis, thirty-fifth engineers, died at Camp Grant base hospital today of pneumonia. He was 28 years old and his home was in Newport News, Va.

NO SHORTAGE OF TOYS FOR CHRISTMAS

WASHINGTON, Nov. 13.—There will be no shortage of toys to fill the stockings of American children this Christmas despite the almost complete absence of the familiar "made-in-Germany" kind.

An announcement today by the department of commerce said American manufacturers had developed an industry which not merely could supply home demands but export a surplus—something never before known in the American toy trade.

MANY TRANSFERRED TO AVIATION SECTION

CAMP DODGE, Ia., Nov. 13.—Sixteen hundred national army men at this cantonment will be assigned soon to the aviation section of the Signal Corps and sent to various aviation training camps, it was announced today.

This number is in addition to the 8,000 soldiers recently ordered transferred from this camp to Camp Pike, near Little Rock, Ark., and brings the total number of men transferred from here to nearly 15,000.

It was said the transfer of these men to Camp Pike would interfere with the development of the various regiments affected, as new men assigned to their places would need considerable training before they would reach the same degree of efficiency as the old members.

FILE PETITION FOR REHEARING SCHOOL CASE.

Springfield, Ill., Nov. 13.—A petition for rehearing was filed in the Illinois supreme court here today in the case of the people against Frank B. Stitt. If the petition is allowed the court will review its decision at the October term in which it held the township high school curative act constitutional.

TURKEYS FOR SOLDIERS IN FRANCE.

With the American Army in France, Monday, Nov. 12.—(By the Associated Press)—A large ship of turkeys, mince, meat, cranberries, nuts, raisins, oranges and sweet potatoes for the Thanksgiving dinner of the American soldiers in France. It will be distributed among the various instruction centers and villages where the troops are billeted. Other shipments will follow.

JURY FINALLY CHOSEN.

Chicago, Nov. 13.—A jury having been chosen after a month of examination, everything was ready today for the start of the trial of former Chief of Police Charles C. Healey, Stephen K. Barry and William R. Skidmore, charged with being in a clique to protect vice.

EXCHANGE RATES FALL.

Copenhagen, Monday, Nov. 12.—Foreign exchange rates here began to fall on the receipt of reports of Premier Kerevsky's good prospects. Dollars today were quoted at 305 and marks at 44. Other exchanges showed smaller decrease.

RECOMMENDS TEACH SCHOOL CHILDREN BOMB MAKING.

Chicago, Nov. 13.—Lieut. F. L. Beels, in charge of the military training course in the Chicago High Schools, has requested that the pupils in the manual training departments of the city schools be taught how to make bombs and hand grenades for military purposes.

ARRESTED FOR MAKING ANTI-WAR SPEECH

DULUTH, Minn., Nov. 13.—Scott Nearing, former professor of the University of Pennsylvania arrested last night while making an alleged anti-war speech here, was arraigned in police court here today, pleaded guilty to disorderly conduct and was fined \$50. Four others arrested with him are held on a charge of vagrancy.

FORGERS ARE AT WORK

Cedar Rapids, Ia., Nov. 13.—Fred A. Canfield, president of the Iowa State Federation of Labor tonight issued warning that two men with forged credentials were working thru the state in an attempt to sell advertising for a "state labor review." Mr. Canfield stated that the issue had not gained the sanction of the state federation and is valueless as an advertising medium.

AGED PRIEST DIES

Bloomington, Ill., Nov. 13.—Rev. Francis Lentz, age 71, pastor of St. Patrick's Cathedral church of Merna, near this city, died here this morning. He was formerly a missionary to non-Catholics in the Peoria diocese.

OFFICIALS ARRESTED FOR SEIZURE OF COAL

Federal Grand Jury Report Indictments Against Mayor, Prosecuting Attorney and Marshals of Ohio Town.

Cleveland, O., Nov. 13.—Coal seizures in times of urgent need went under the ban today when the federal grand jury reported indictments against Mayor Carmichael of Willoughby, Ohio, Prosecuting Attorney George C. Von Besler and Deputy Marshals James Barnes and Grant Lamos for impeding interstate commerce and for conspiracy to commit such acts. All are charged with seizing New York Central railroad coal on Nov. 1 and 2.

Several freight trains were held up at Willoughby the indictments charged and engineers and conductors were arrested. Mayor Carmichael it is stated, was told by Prosecutor VonBesler that he had the right to confiscate coal as the "law of humanity was greater than that of the government." This advice, it is asserted and the action which apparently followed constitute the conspiracy with which the officials are charged.

The mayor, prosecuting attorney and deputy marshals would face, if convicted of conspiracy, penalties of \$10,000 fine, two years imprisonment, or both. If convicted of holding up the trains, with which another set of indictments charges them, they would be liable to fines of \$100 and six months imprisonment, or both.

VILLA AND AGENTS TO CONFER

Presidio, Texas, Nov. 13.—General Cordova, with a force of federal troops estimated at six hundred marched into Ojinaga at noon today to reinforce the government garrison there. Francisco Villa came to the Rio Grande late last night for a conference with his agents from the American side of the river the meeting being held six miles down the river from here, according to highly reliable information received today.

AGED BANKER DEAD

New York, Nov. 13.—Robert M. Galaway, president up to last January of the Merchants National Bank for nearly 25 years died at his home here today aged 81. He was associated in railroad finance with J. Pierpont Morgan and later with Jay Gould.

CEDAR RAPIDS MACHINISTS STRIKE

Cedar Rapids, Ia., Nov. 13.—Garage machinists in local automobile shops went on strike today. They are asking for a minimum wage of fifty five cents an hour and a nine hour day. Promoters say that the strike may spread to the large cereal mill and starch works here if their demands are not granted.

APPEAL WILSON TO ADJUST DIFFERENCES

HOUSTON, Texas, Nov. 13.—The striking oil well workers of the Texas-Louisiana fields have appealed to William B. Wilson, secretary of labor, to come here and endeavor to adjust the differences existing between them and the operating oil companies.

Federal conciliators J. J. Barrett and George W. Musser, sent to Houston to bring about a settlement of the strike have abandoned their efforts. They were ordered by telegram to Orange, Texas, to mediate labor difficulties in the ship yards working on government contracts.

"VICTORY" MASS MEETING.

New York, Nov. 13.—A "victory" mass meeting in celebration of votes for women won in the recent election will be held at the Metropolitan Opera House on November 20, on the eve of the opening of the 49th annual convention of the New York State Woman Suffrage party. Theodore Roosevelt will speak.

LECTURE AT CONCORD
LARGELY ATTENDED

Francis Hendry, Reader and Impersonator, Pleased Audience at Christian Church—Y. M. C. A. Now Located in Rexroat Building—Other Concord Notes.

Concord, Nov. 13.—The lecture course at the Christian church on Friday night was very largely attended. Francis Hendry, reader and impersonator, was assisted by J. Marshall Adams. Reading, character sketches, and good music of various kinds kept the audience in high spirits all the time. The next number will be held in the M. P. church. Mr. Clark will deliver a lecture en-

titled "Play Ball." The local committee who had charge feel deeply grateful to the patrons of this entertainment for their liberal support.

Mrs. A. M. Conover visited several days in Concord and attended the lecture. She returned to Jacksonville on Monday afternoon.

Mr. and Mrs. R. B. Way of Virginia, and Mr. and Mrs. Abe Litter, and Mrs. Paul, of Little Indian, were Sunday visitors at Bert Way's.

Mr. and Mrs. J. T. Hutchinson were Sunday visitors in Concord. Bert Way went to Galesburg on Sunday night and attended a fine hog sale on Monday.

Miss Esther Brockhouse went to Arenzville and had her tonsils removed on Sunday. Dr. Prince of Springfield operated at Dr. Streuter's on a class of eight. The patients were reported doing nicely.

Mr. and Mrs. Lester McDannald of near Merritt were Sunday callers at John Eskewa.

There were two additions at the Christian church on Sunday.

Minister C. G. Cantrell and W. H. Williamson went to Jacksonville Sunday afternoon to hear Senator Sherman.

A Y. M. C. A. for Concord is now located in the Rexroat building, and the use of the building is generously donated by C. E. Rexroat. Verily, Concord is not idle these days.

Thomas C. Jenkinson of Bloomington arrived in the city last evening and today will proceed to Mt. Sterling where he is to be married this evening to Miss Meda Duncan.

MURRAYVILLE
LADIES' AID WILL MEET

Will do Quilting at Thursday's Meeting—News of Interest from Murrayville and Vicinity.

Murrayville, Nov. 13.—The Ladies Aid Society will meet Thursday afternoon in the church basement to quilt. A good attendance is desired.

Chas. Mick and wife have moved to the farm of E. D. Cade.

Mr. and Mrs. C. J. Vaughan and C. A. Boruff and son Clarence of Jacksonville were guests of home folks here Sunday.

Mrs. Nelle Bradshaw and son of White Hall spent last week with her parents, Mr. and Mrs. C. N. Wright.

Mr. and Mrs. A. M. Masters of Jacksonville visited Monday with Mrs. A. M. Masters' parents C. F. Strang and wife.

J. W. Merrigan of Jacksonville was a business visitor here Friday.

Mr. and Mrs. Thomas Wilson expect to leave this week for Beards-town, to make their home this winter with their daughter, Mrs. Carl Rousey.

Miss Neva Rochester of Manchester called on friends here Saturday.

G. T. Henry is having his house wired for electric lights this week.

Miss Esther Blakeman returned to her home at Knapp Monday after a pleasant visit with relatives here.

Miss Hazel Marsh of Roodhouse was a guest of Mrs. C. L. Leitze Thursday and Friday of last week.

Ray Walker and family have moved here and he is working for C. F. Strang.

Quite a number from here heard L. Y. Sherman's address Sunday afternoon at the Opera House in Jacksonville, on the Army Y. M. C. A. work.

S. B. Robinson was a Roodhouse visitor Sunday.

Born, to Mr. and Mrs. C. F. Wright of Jacksonville, Friday, Nov. 9th, a daughter, Mary Clarinda.

Mrs. C. T. Daniel has been on the sick list the past week.

Mr. and Mrs. C. L. Leitze enjoyed a visit Saturday from Mr. Leitze's mother, Mrs. William Leitze of Glasgow, and aunt, Mrs. William Farrington of Jacksonville.

A. J. Johnson has purchased a half interest in a grocery store at Roodhouse and will leave for that place Tuesday. The family will go later.

Mrs. S. B. Robinson spent Monday with Mr. Robinson's parents, Mr. and Mrs. G. T. Robinson at Petersburg.

MOTHERS ASSOCIATION
TO KEEP SOLDIERS RECORD

Will Make Complete Record of Every Morgan Soldier—Ask Cooperation of Parents.

The Mothers Association has taken as part of their work the keeping of a complete record of every soldier of Morgan county, and they ask that all parents send in their own name and address, also the full name and address of their soldier son. The mothers have a large record book with a page for every Morgan county soldier and whatever may happen to him will be recorded therein, if the parents or friends will send it in by mail to Mrs. P. W. Fox, recording secretary. Anyone who knows of an orphan soldier will please make it your duty to send in his name and address.

We would like to get all the addresses as soon as possible. We will then publish them all, and anyone wishing to write and cheer up the boys can do so. We now have a large organization but if there are any other mothers or wives that would like to become a member of our Mother's Association we would be glad to welcome them. Next Friday afternoon at the Public Library at 2:30 Mr. Hugh Green will explain to us the different parts or forms of the insurance that the Government is furnishing for the soldiers. We are in need of postage and stationery. Anyone that cares to donate a few cents for the same please send it in.

(County papers please copy.)

THE HORSE'S PRAYER.

To thee, my master, I offer my prayer: Feed, water, and care for me; and when the day's work is done, provide me with shelter and a clean, dry bed. Always be kind to me. Pet me sometimes, that I may serve you the more gladly and learn to love you. Do not jerk the reins, and do not whip me when going up hill. Never strike, beat, nor kick me when I do not understand what you want, but give me a chance to understand you. Watch me, and if I fail to do your bidding see if something is not wrong with my harness or feet.

Do not overload me or hitch me where water will drip on me. Keep me well shod. Examine my teeth when I do not eat; I may have an ulcerated tooth, and that, you know, is painful. Do not tie my head in an unnatural position nor take away my best defense against flies and mosquitoes by cutting off my mane or tail.

I cannot tell you when I am thirsty, so give me clean, cool water often. I cannot tell you in words when I am sick, so watch me and by signs you may know my condition. Give me all possible shelter from the hot sun, and put a blanket on me, not when I am working, but when I am standing in the cold. Never put a frosty bit in my mouth; first warm it by holding it a moment in your hands.

I try to carry you and your burdens without a murmur, and wait patiently for you long hours of the day or night. Without the power to choose my shoes or path, I sometimes fall on the hard pavements, and I must be ready at any moment to lose my life in your service.

And finally, O my master, when my useful strength is gone, do not turn me out to starve or freeze, nor sell me to some human brute, to be slowly tortured and starved to death, but do thou, my master, take my life in the kindest way, and your God will reward you here and hereafter. Amen.

ARENZVILLE MAN HAS
LEG AMPUTATED

William Green Undergoes Operation at Jacksonville Hospital—News From Arenzville Told in Brief Paragraphs.

Arenzville, Nov. 13. — Edward Green came from Danville to be at the bedside of his father, William Green who had his left leg amputated at a hospital in Jacksonville.

Newspapers from Arenzville and William Green ill having foot taken off at hospital at Jacksonville.

Fred Klokner and family of Brown-

ing came here by illness of William Green.

Mrs. Lydia Engelbach and sister Miss Hazel McCarty spent Sunday with relatives at Rock Island.

Miss Leah Caldwell of Jacksonville spent Sunday here.

Mr. and Mrs. Walter Pfeil returned from St. Louis after a brief stay with Ed. Shrewsbury and family.

Elwin Long spent the week end at Markham with his uncle, Ross and Bert Long.

Mr. and Mrs. Crowder returned from a visit at Beards-town.

Miss Anna Burkschneider spent over week end with home folks at Jacksonville.

Mrs. Monroe Homer of Joy Prairie is assisting Mrs. Peter Zahn in her household duties.

Walter Treadway and wife are guests of their numerous relatives.

W. L. Pfeil was transacting business at Beards-town Tuesday.

Ora Valentine of Concord was a business caller Saturday.

Wednesday, Nov. 7th was registration day for women and many registered, indicating their willingness to do their part during the war.

Miss Maude Weeks attended the Y. M. C. A. at Virginia Wednesday.

Mrs. Jess Morrison recently returned from Streator, Ill., where she visited her mother, Mrs. Susan Rahn and also a sister, Mrs. John Light-holder.

Charles Green is here from Humboldt, Nebraska, called by the illness of his father, William Green.

SAPPY CORN

Many complaints of sappy corn have been made by farmers of this vicinity and many yet are in doubt regarding the wisdom of husking and depositing in rail cribs or pens. A prominent farmer said yesterday that he heard of several cases in which farmers have been obliged to remove newly husked corn from rail cribs and scatter it on the ground but he had not located any specific case, all he heard of being at some remote part of the county. The Journal will be obliged to any one for definite information in this regard and if anyone knows of a farmer who has been obliged to scatter his corn out from the crib the information will be gratefully received.

Thomas Spires residing north of Chapin visited the city yesterday.

THIS season it should make a big difference to you who makes the clothes you wear; especially if the maker is willing to tell you what he makes them of, and how.

That's one thing we like about Hart Schaffner & Marx clothes; they are made of strictly all wool fabrics and the makers seem to want everybody to know it.

We like to see clothes that our customers can be positive about; goods that you don't have to take anybody's word for; clothes you know are good. It's easy to sell such clothes and they are a satisfaction to everybody.

We have a few new models in

OVERCOATS

it will pay you to see.

SILK SHIRTS

of exceptional values and the finest Neckwear ever shown in Jacksonville.

VINOL REMOVES THE CAUSE OF CHRONIC COUGHS

A Constitutional Remedy That We Guarantee

Lagrange, N. C.—“For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough. I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken.”—W. D. Ren, Lagrange, N. C.

We guarantee Vinol for chronic coughs, colds and bronchitis. Not a patent medicine. Formula on every bottle. Your money back if it fails. Lee P. Allcott, druggist.—Adv.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

“Pape’s Diapiesin” Fixes, Sick, Sour, Upset Stomachs in Five Minutes

You don’t want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn’t injure it with drastic drugs.

Pape’s Diapiesin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its quick relief in indigestion, dyspepsia and gastritis, when caused by acidity, has made it famous the world over.

Keep this wonderful stomach sweetener in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which does not agree with them; if what they eat lays like lead, ferments and soiled forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape’s Diapiesin comes in contact with the stomach it helps to neutralize the excessive acidity, then all the stomach distress caused by it disappears. Its promptness, certainty and ease in overcoming such stomach disorders is a revelation to those who try it.—Adv.

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give “California Syrup of Figs” If Cross, Sick, Feverish, Constipated

Look back at your childhood days. Remember the “dose” mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it’s different. Mothers who cling to the old form of physic simply don’t realize what they do. The children’s revolt is well-founded. Their tender little “insides” are injured by them.

If your child’s stomach, liver and bowels need cleansing, give only delicate “California Syrup of Figs.” Its action is positive, but gentle. Millions of mothers keep this harmless “fruit laxative” handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of “California Syrup of Figs” which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by “California Fig Syrup Company.” Refuse any other kind with contempt.—Adv.

**MRS. N. C. STRINGAM DIED
HERE TUESDAY NIGHT**

Death of Long Time Resident Came As Result of Injuries Sustained When She Fell from Porch Step—Funeral Will be Held Thursday.

Death came at 7 o'clock Tuesday night to Mrs. Nancy C. Stringam at Our Savior's hospital, where she had been a patient for the past two weeks. On October 27 as she started to ascend the steps of the porch at her home on Chestnut street Mrs. Stringam suffered a fall which resulted in a broken arm and hip. Although everything that medical skill could suggest was done for Mrs. Stringam at the hospital, her condition steadily became alarming and when it was known that peritonitis had complicated the situation the members of the family realized that the end was near. Children living in other cities were notified and all but one were able to be with Mrs. Stringam when the final hour came.

The deceased was born at Lima, Ill., July 3, 1843, and her maiden name was Nancy Vaughn. She was a daughter of Rufus and Polly Vaughn and was married in this city May 2, 1861 to John M. Stringam. She was the mother of twelve children, three of whom have preceded her in death. Mr. Stringam died Aug. 7, 1899. The following children survive and can cherish the memory of a mother ever willing to make sacrifice for their well being: Mrs. J. E. Haynes, Peoria; Claude Stringam, Beardstown; Mrs. E. D. Dyer, Smithfield, Nebr.; Mrs. H. W. Kinnett, Meredosia; Arthur Stringam, Jacksonville; Mrs. A. E. Deatherage, Beardstown; Horace Stringam, El Paso, Tex.; Ralph Stringam, Jacksonville. She leaves also fourteen grandchildren and one brother, W. O. Vaughn of Springfield.

Early in life Mrs. Stringam became a member of the Christian church. The press of home duties prevented her from taking a prominent part in some church activities but her interest did not cease. Love of home and devotion to her family

were characteristics which marked her life. Earnestly and faithfully she went thru the years doing the duties that were nearest, thinking last of herself and always keeping in mind the happiness and welfare of her children. The so much occupied with home and family affairs, Mrs. Stringam found time for many friendships and she was known as a friend and neighbor who could always be relied upon in any time of need. Mrs. Stringam's death marks the closing of the long life's journey for a woman whose strength of character and every day goodness has given her a high place in the estimate of those who know her.

Funeral services will be held at the late residence, 142 Chestnut street, Thursday afternoon at 2 o'clock in charge of Rev. M. L. Pontius.

**TIME OF CIRCUIT COURT
OCCUPIED WITH DOG CASE**

Oliver Ham Sues Ernest Clark for Killing Hunting Dog—Jury Was Still Out at Time of Going to Press—Other Orders Entered.

In the circuit court Tuesday most of the time of Judge Smith was occupied in hearing testimony in the suit of Oliver Ham against Ernest Clark. This was a proceeding in which Mr. Ham sought damages because a hunting dog was killed by a car driven by the defendant. J. M. Butler and Paul Samuel were attorneys for Mr. Ham and defendant was represented by J. O. Priest. It was claimed in the declaration that the dog killed thru alleged carelessness on the part of Mr. Clark was valued at \$500. The testimony of men experienced with valuation of dogs indicated that the animal killed was worth somewhere from \$100 to \$200. The case was given to the jury late in the afternoon and at an early hour this, (Wednesday) morning no verdict had been reached.

Circuit Court.
A few orders were entered during the day. In the suit of Augusta C. Waggoner vs. the Avera National bank, in assumption, the proceeding was dismissed by the plaintiff and the costs paid by her.

Chancery.
In the suit brought by Fletcher Hocking vs. Sylvester Jerauld et al. to quiet title, W. W. Wright was appointed guardian ad litem for all the unknown infant defendants and the cause was referred to the master.

In the suit filed by S. J. and W. H. Cocking vs. Morgan county, answer was filed by the department of public works and buildings of the state. All defendants not answering were called and order of default taken and a decree was entered and affirmed. This action was brought to straighten out certain entanglements in the claims of the contractors.

**MISSIONARIES HERE
ON WAY TO CHINA**

Rev. E. P. Gilman and Daughter Guests of Mr. and Mrs. C. W. Taylor for Few Days.

Rev. F. P. Gilman and daughter, Miss Janet Gilman, are guests at the home of Mr. and Mrs. C. W. Taylor on Grove street. The visitors are on their way to Hohow Hainan, China. Rev. Mr. Gilman is a missionary serving under the American Presbyterian church and has been in the service for many years. He returned to this country about nine months ago and he and his wife were guests at the Taylor home for a short time. Mrs. Gilman died very suddenly a few weeks ago in New Jersey and so Rev. Mr. Gilman must return to his field of labor without the co-worker who has aided him earnestly thru the many years. Instead, he will be assisted by his daughter, Miss Janet Gilman.

Miss Gilman is quite well known here as she was for several years a member of the Taylor household and graduated at the Jacksonville high school. Later she was a student at the New York state normal at Geneseo. Rev. Mr. Gilman is one of the pioneers in missionary work in China as he went to that field thirty years ago. So he has seen the growth of the missionary effort as related to China and has noted the encouraging progress made. When Rev. Mr. Gilman and his associates began their foreign work they were not received with great favor but now the Chinese count American people friends. Although he seldom mentions the fact, the minister can take some pride in the recollection that he was a classmate of President Woodrow Wilson at Princeton.

**FAIL TO BOOST PRICES
FOR CORN SHUCKING**

According to a statement just made by S. E. Prather, secretary of the Sangamon County Farmers Association, there are now too many corn shuckers offering their services in Sangamon county. Reports had gone out that farmers in that locality were paying from 10 to 15c per bushel for corn shucking and the result was a great influx of men looking for the work. In some few instances a price of 10c has been paid but it has been the average, and it is Mr. Prather's opinion that the standard price will speedily be 5c a bushel and board.

WILL MEET WITH MRS. CLARY
The Ladies Aid of the Catholic Church will meet this afternoon with Mrs. J. W. Clary, 816 West North Street, 21 2:30.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

**TO THE CITIZENS OF
JACKSONVILLE**

The committee in charge of the campaign for the Y. M. C. A. War Fund feels very much gratified over the large number of subscriptions already made but is greatly disappointed over the small amount of many of the subscriptions.

Friends who have the means must give more generously in order to make this campaign the great success which it ought to be. Let each individual give more liberally. For the Executive Committee: C. H. Rammelkamp, Chairman. J. R. Harker, Vice-Chairman.

Miscellaneous	52	
Total	\$2,137.50	\$1,876

TOTAL SUBSCRIPTIONS	
County Precincts	\$1,875.00
City of Jacksonville	4,013.50
Total	\$5,888.50

In the newspaper totals reported each day the figures are given as made public at noon for Jacksonville and at the hour of closing the headquarters for the county precincts.

It should be understood that the money given by students and faculties of Illinois college and Illinois Woman's college while it will not be counted in the \$14,000 assigned to this county, will be added to the general total and sent to headquarters. It was evident yesterday that a number of people did not clearly understand the action when it was voted not to count the college totals into the Morgan county contribution. The action taken simply means that because these college subscriptions are largely from non-residents of Morgan county it was hardly fair to include them in the sum assigned to the county. However, Morgan county will get due credit for the generosity of the college.

Meredosia has certainly set a splendid example in the organization of that Patriotic society which is to continue at least until the war closes. Dr. F. A. Neville is the president of the society and Miss Tena Kappal is the secretary.

District Figures
The report presented by Chairman Rodgers and Secretary Findley of the 14th district, which includes the counties of Cass, Morgan, Scott and Pike, is as follows:

Cass	\$ 726.75
Morgan	5,048.50
Scott	75.00
Pike	725.00
Total	\$6,575.25

Reports from the state show total contributions Monday \$1,074,681. The Illinois goal is \$4,160,000. State managers are confident that when the campaign ends next Monday the report will show that Illinois has gone "over the top" by a great big margin.

Members of teams and committees are urged to come to the headquarters promptly at noon so that luncheon may be served at 12:15.

The pupils and teachers of all the public schools of our city are taking an enthusiastic interest in the "Y" War Fund. The high school has already determined to make a sub-

scription to the fund, and the David Prince and other schools will also take up the matter.

The Elks lodge of Beardstown is reported to have given \$100 to the Y. Fund of that city. The Jacksonville committee hopes that many of the fraternal organizations of our city will take up this matter. The contributions from the Jacksonville Woman's club and Wednesday class will doubtless be followed by many other clubs.

The committee appreciates the action of the Jacksonville Tailoring company in donating a large ad. in one of the local papers.

Waverly people Organized
About forty citizens of Waverly attended a supper Tuesday night when arrangements were made for a complete canvass of the town and country precincts today in the interest of the army Y. M. C. A. The allotment made for Waverly is \$290 and the officers and committees in charge are hopeful that the entire sum can be reported tonight. Mayor Fred Deatherage is captain with W. B. Turnbull as lieutenant and a competent committee has the work in charge. In several other county precincts the committees are planning to put thru the program solicitation in one day, as they feel that the best results can be accomplished by this plan.

SPORTS

DES MOINES, Ia., Nov. 13.—Jimmy Miner of Memphis, Tenn., outpointed Ray Maywood of Milwaukee, lightweight, in a twelve round bout here tonight, newspaper critics agreed.

KANSAS CITY, Nov. 13.—Iowans were placed at the top in the preliminary 100 target match here today preceding the three day trap-shooting carnival that is to culminate on Friday in the Missouri Valley Handicap at 100 targets.

MINNEAPOLIS, Nov. 13.—Heavy scrimmage continued to be the practice program for the regular football squad at the University of Minnesota today.

All the players have recovered from recent injuries and are reported to be in fine shape for the Chicago game on Saturday.

CHICAGO, Nov. 13.—Gorgas, center on the University of Chicago football team, who it was feared was out of the game for the season on account of illness, reported for practice from Milwaukee, another veteran who has been on the sick list declared he will be out in suit next week.

The return of these two men did much to brighten the hopes of Coach Stagg for the conference championship.

URBANA, Ill., Nov. 13.—Coach Zuppke of Illinois called off the scrimmage tonight and announced that only dummy practice would be required from the regular players, whose injuries in the Chicago game have failed to heal, will start against Ohio state on Saturday but their efficiency it is expected will be greatly reduced. Zuppke is pressing Edwards, a reserve back into service as a sub-end.

Mogridge will understudy the other wing. Illinois' line-up probably will be the same as against Chicago.

LOUISVILLE, Ky., Nov. 13.—Formation of a new league to include the Louisville, Indianapolis and Toledo clubs of the American association and certain of the International league received a serious setback tonight.

A. R. Tearney of Chicago, president of the Three I League, who offered a resolution requesting the re-districting in all minor league territory, finally amended it to include only Class B or lower. The resolution, which would enable the dissatisfied clubs of the American association to carry out their merger, was received with opposition when presented to a committee appointed to change the constitution of the National Association of Baseball leagues.

When the convention reconvenes tomorrow the resolution will be presented for passage. Tearney wants a committee of three appointed with full power to act on re-adjustment of territory and a re-alignment of clubs as a war measure. He will make a fight for the re-classification of all leagues and for the reduction of the present membership of the national board of arbitration from ten to five.

MATRIMONIAL

Ashurst-Ashurst
Rev. E. B. Ashurst of North East street, this city, and Mrs. Martha Ashurst of Kilbourne were united in marriage Monday evening by Rev. A. A. Todd at the First Baptist church parsonage. They will reside in this city until spring and will remove to Kilbourne.

WOODSON

Mr. and Mrs. Harry Craig, Mrs. Elisha Adams and Mrs. William Galoway arrived yesterday from Devils Lake, North Dakota.

PROBATE COURT

In the estate of James V. Stawlings, the inventory was approved. In the estate of A. H. Atherton, the petition to omit appraisement was allowed and the widow's award allowed.

**ANTI-TUBERCULOSIS
SOCIETY IN SESSION**

Morgan County Body Held First Meeting in New Quarters—Reports From Delegates to Mississippi Valley Conference and State Meeting.

The Morgan County Anti-Tuberculosis society held its first meeting in the new quarters in the Morrison block in West State street Tuesday evening. There was a good attendance of members and the meeting proved one of great interest. The society in its new quarters has three commodious rooms and is most pleasantly situated.

At the meeting Tuesday evening reports of the Mississippi Valley conference on tuberculosis held at Minneapolis were made by Dr. C. E. Cole and William Batz, who were delegates to the conference from this county. Mrs. A. L. Adams, president of the Morgan county society and Dr. Josephine Milligan and Dr. Grace Dewey made reports on the sessions of the Illinois Tuberculosis association held in Champaign last week.

These reports proved of great interest to those present. Secretary Weber expects to prepare a more detailed report for the press at early date. Other matters of importance were taken up at the meeting and plans made for the work of the

society during the coming winter.

RED CROSS MEETING TODAY
A Red Cross meeting will be held at the home of Mrs. Herman Weber,

1524 South Main street today at 2 o'clock, there will be a talk on "Red Cross Work". All ladies of South Jacksonville are urged to be present.

Everybody
Wants Handsome Shoes
Everybody Can Wear Them

Walk-Over SHOES

THERE are men and women who, because their feet require shoes made on a corrective last, feel they have to wear homely shoes.

We would like to talk to all these people and show them a few points about Walk-Over shoes.

Admitted to be leaders in stylish shoes, the Walk-Over factories devote time and brains to making shoes that fit and are comfortable at the same time. For both men and women, they have designed a corrective series of models that gradually educate the muscles of a weak foot to where it can wear a proper-looking and proper-fitting shoe. We have fitted thousands of shoes to thousands of feet and have given satisfaction.

We are equipped to do it. Let us tell you.

HOPPER'S

all Walk-Over
Shoes bear the

same Walk-Over
Trade Mark.
Look for it.

PASSAVANT COMMITTEE WILL VISIT OTTAWA

Local Men Plan to Inspect Model Hospital Unit Recently Erected for Dr. J. W. Pettit.

At an early date the special committee on building plans for Passavant hospital will go to Ottawa, Ill., to inspect a hospital recently completed there. This is a private hospital owned by Dr. J. W. Pettit and will be operated in connection with his famous tent colony. It is a twenty bed hospital unit of one story type with two sun porches and equipped in a way said to be the last word in hospital construction. The local committee representing the trustees includes Dr. Carl E. Black, Edward W. Brown, Dr. A. L. Adams, Felix E. Farrell and Dr. J. G. Ames.

I. O. O. F. NOTICE
Members of Urantia Lodge, No. 242 are requested to meet at the hall at 1:30 p. m. today to attend the funeral of Bro. Pierson Howell. Members of Ilihi Lodge and visiting Brothers invited.

Clyde D. Black, N. G. Chas. J. Roberts, Secy.

Mr. and Mrs. J. J. Cowan of Canton were numbered among the arrivals in the city yesterday.

HAS DESIGNED OBSERVATION TOWER

E. C. Graves, who is in Jacksonville superintending the drilling work for the city at the north side station, finds time for some other work. On another page some lines from his pen appear, written in Walt Mason style. Yesterday Mr. Graves received from the war department a telegram directing him to send the specifications for the disappearing observation tower that he has designed. This tower is designed for use at wireless and signal stations and Mr. Graves' claim is that it is much simpler in construction than the tower now used, that it is noiseless and can be raised to an altitude of 200 feet in two minutes. It is possible in a like length of time to have the tower disappear completely from view. Like a great many other Americans, Mr. Graves is now endeavoring to perfect equipment which can be of use to his country in winning this war.

E. R. Miller of Canton, E. W. McElhoney of East St. Louis, and E. N. Upton of Effingham, were recent visitors in Jacksonville, coming here from Alton, in the interest of the pure food board. They will return to Jacksonville in the near future for further investigation.

COL. WOOD ASSIGNED TO COMMAND OF 130TH

Now in Brigade Under Gen. Hill With Whom He Clashed—Lieut. Col. Center Heads Ammunition Corps.

Mention was made recently that Col. Frank S. Wood, formerly of the 5th Illinois regiment, is now colonel of the 138th infantry U. S. A. by virtue of appointment recently made. Corporal Russell McConnell of Co. B, 124th machine gun battalion, Camp Logan, has sent the following story with reference to Col. Wood's appointment, taken from the Houston Post. Corporal McConnell comments that by this order members of old Co. B, 5th regiment, again find themselves under their old colonel. It was rumored for a time that Major Lang would be appointed to the post given to Col. Wood.

"Colonel Frank S. Wood, storm center of a clash with Brigadier General Henry R. Hill, over the disruption of the former 5th Illinois infantry, has been placed in command of one of the regiments of General Hill's brigade.

"An order signed by Brigadier General Henry D. Todd, Jr., acting commander of the 33rd division on Thursday and issued from division headquarters Friday morning assigns Colonel Wood to the command of the 130th infantry, U. S. A., formerly the 4th Illinois infantry.

"With the assignment of Colonel Wood to command the 130th a situation that has been hanging fire for nearly a month is resolved into a conclusion.

Other Appointments Rumored.

"Major Edward J. Lange, colonel of the 4th Illinois until he resigned on its return from border service at San Antonio, is the adjutant of General Hill's 65th infantry brigade. Rumor had him slated for the colonelcy of the regiment. There was also some talk in the division of naming Lieutenant Colonel Elijah P. Clayton, who has been in command of the regiment, as the probable colonel of the 130th. Officers and men of the division were alike surprised at the placing of Colonel Wood in command of one of the regiments under General Hill, with whom he clashed so recently.

"It will be remembered that Colonel Wood and Lieutenant Colonel Charles D. Center of the 5th infantry accused General Hill of breaking the 5th because of personal animosity. The former fifth is now in train headquarters, the ammunition train, three machine gun battalions and its supply and headquarters companies are merged into the 129th and 130th thus scattering it all thru the division.

"Since his regiment was taken away from him Colonel Wood has been attached to division headquarters, unassigned. Lieutenant Colonel Center had the same status.

"Now by the same special order, Lieutenant Colonel Center has been made commander of the 108th ammunition train, a post calling for a lieutenant colonel. The train is made up of six companies of the former 7th infantry of Chicago and one unit, company A, of the former 5th.

"Lieutenant Colonel John M. Clardy of the former 4th infantry is still unassigned. In division gossip he was a candidate for the place as commander of the ammunition train. He will remain unassigned for the present.

"Captain James T. Burns, commanding officer of company L of the 129th infantry, was made second assistant chief of staff of the division by a general order published with the special order assigning Colonel Wood and Lieutenant Colonel Center, Friday morning.

"Captain Burns is now in command of the company which is on guard over oil properties at Goose Creek. He will return to Houston immediately, leaving the company in command of First Lieutenant R. F. Dusenbury. Company L comes from Kankakee, Ill.

"Captain Burns will be assistant to Major C. C. Allen, infantry, U. S. A., assistant chief of staff of the division and now acting chief in the absence of Lieutenant Colonel William K. Naylor, the chief of staff."

TO OFFER THEIR SERVICES TO THE GOVERNMENT

Harry Herring of the Buick garage of Howard Zahn, and Alfred E. Hall of the shoe store of J. F. Burgett expected to leave last night for Chicago to tender their services to the government in some capacity. It was their preference to be connected with the ordinance department though they had no definite information regarding the matter and will be guided by circumstances when they arrive.

Both are first class young men and will be a valuable addition to any force with which they are connected. Mr. Herring came to this city from Scott county some years ago and was first associated with Lukeman Brothers, clothiers, and later was in the employ of Mr. Zahn where he was much valued in every way.

Mr. Hall is a wide awake, intelligent young man, aspiring, clean and energetic and both will no doubt do honor to Morgan county.

AN EXCEPTIONAL RECORD

As previously noted, the registration records for women of the county were exceptional and a large percentage of the women recorded facts to indicate what branch of service they are best fitted to perform. It is said that the teams in charge of registration at Jacksonville State hospital made the best record in that ninety-eight per cent of the women eligible to registry had their names recorded. This indeed is a remarkable showing.

AUTO TRIP TO KENTUCKY

A. J. Patrick and family expect to start today in their Ford car for a visit with relatives in Kentucky.

SUMMERS GIVEN GREAT OVATION

SCOTT COUNTY SOLDIER AD- DRESSES MEETING IN WIN- CHESTER

Gathering at Court House Held for Army Y. M. C. A. and Also to Receive Christmas Donations for Scott County Soldiers—Other Winchester News Items.

Between six and eight hundred people gathered at the court house in Winchester last night at the meeting held for the community's army men and for the Army Y. M. C. A. That those present felt the military spirit of the times and their responsibility in this direction was evidenced by the close attention given the speakers of the evening and the great ovation given Verlin Summers, a soldier home on brief furlough from Camp Zachary Taylor.

Chairman John A. McKeene called the meeting to order by announcing the song, "America," in which all present joined.

A prayer was then offered by Rev. W. R. Johnson.

Chairman McKeene announced that the purpose of the meeting was two-fold. It was primarily called for the purpose of donating Christmas gifts for Scott county's soldier boys. The second object of the meeting was to promote the work of the Army Y. M. C. A. in a financial way. The speaker stated that there are forty-seven Scott county men now at Camp Zachary Taylor, Ky., and that altogether about one hundred of the community's youths are in the armed forces of Uncle Sam. That the people responded in the way of Christmas gifts for the boys was evidenced by the large table in the center of the court room with its great pile of packages. These will be sorted over and divided equally and sent to the men entitled to receive them.

Special Community Nurse, Miss Mahin, then spoke briefly on the work of the Red Cross and anti-tuberculosis work and for the sale of the Red Cross seals which will soon be put on sale.

The musical club, high school pupils and others joined in the singing of "Illinois."

Hon. J. J. Reeve of Jacksonville then spoke explaining the work of the Army Y. M. C. A. and what the campaign committees thruout the country are trying to do to help in this endeavor. Mr. Reeve stated that for the past few weeks he had been devoting about seventy-five per cent of his time to the work but did not think that there was any better or more deserving cause to which he could lend his time and ability in furthering. He delivered a forceful address in behalf of this worthy movement.

A quintette composed of Wayne Fletcher, Earl Lashmet, Albert Hainsfurther, Cecil Brown and Harry Montgomery then favored with some very acceptable musical numbers.

When Chairman McKeene introduced the next speaker on the program, Private Verlin Summers of Camp Taylor, the audience cheered him for several minutes and at the close of the ovation honored him with the chaqueta salute. Mr. Summers thanked all for their applause and said that it was an occasion which he would not soon forget. The speaker said that in the camps of the country there is nothing like the Y. M. C. A. It is the only place where a weary soldier may go in the evening to write letters, read, or rest and feel that he is absolutely welcome. He is made to feel at home. The speaker said that when the men first went to camp and some one mentioned going to the Y. M. C. A., it was considered merely a religious surprise of some sort to rope the men in and bore them with some tiresome religious discourses. But they soon found out differently. They soon found it profitable and pleasant to make the Y. M. C. A. headquarters take the place of the home. The speaker stated that several times in attending the religious meeting which are held Wednesday and Sunday evenings that he had heard speakers to whom he had listened with the greatest attention for an hour and a half without tiring in the least. The lecturers sent to the camps to speak to the men are top-notchers and have the greatest ability as speakers and as entertainers. The religious side of the Y. M. C. A. however is not pushed in the camps, more attention being directed to the practical side of life. Every attention is given to see that the men have the little comforts in the camps and that they are supplied with the proper atmosphere to keep away as much of the homesickness and lonesomeness as it is possible to do.

After Mr. Summers had concluded his remarks Rev. C. W. Caseley called for subscriptions for the Army Y. M. C. A. and the sum of \$477 was subscribed.

The quintette of young men sang, "When the Maple Leaves are Falling."

The meeting was then adjourned. Given Surprise Party.

A few relatives and friends of Mrs. Cy Reynolds surprised her Tuesday noon by going to her home with well filled baskets. Monday was Mrs. Reynolds' birthday, and it is said, that while she might have been expecting company on that day, she was completely surprised when her children arrived yesterday.

Notes.

Mrs. Bell Potts of White Hall, organizer for the Royal Neighbors, was a Winchester caller Tuesday.

It is understood that a class will be initiated Friday evening and a lodge of the order installed in Winchester.

Mr. and Mrs. Albert Rhodes and Mrs. Richard Elliott, all of Griggsville were visitors Saturday and Sunday with Mr. and Mrs. R. M. Wills.

WILL GO SOUTH

Mr. and Mrs. J. J. Arouen of Finley street expect to leave Monday for Eureka Springs to remain for a number of weeks. They will be at the Southern hotel where relatives are already quartered, and they are expecting a very pleasant stay in the west.

WILL ORGANIZE HOME GUARD COMPANY

Meeting Will be Held at Armory Hall This Evening to Perfect Preliminary Organization—Fire Chief Hunt Will Drill Company—All Citizens Young or Old Invited to Join Company.

Tonight at Armory Hall will be held the first meeting for the organization of a home guard company in Jacksonville. For several weeks past the work has been under way but owing to the fact that most of the men behind the movement are engaged in other work the organization has been delayed.

Samuel Hunt, chief of the fire department who served as lieutenant in old Company L in the Spanish-American war and later as first lieutenant in Company B has taken an active interest in the movement. Mr. Hunt has consented to devote some of his time to drilling the men and as there are a number of others who have signified their intention of joining the company who have had military training there will be plenty of men capable of putting the rookies thru their paces.

Hon. Andrew Russel, state auditor, has shown a great interest in the proposed company and thru his generosity Armory Hall will be available one night each week for drilling purposes.

The proposed organization here is not in line with that in Springfield, St. Louis and other cities. In those cities the home guard is made up of men beyond the draft age who are interested in the organization because they realize the benefits of military drill and recognize the need of home guard organization since the state is no without a national guard.

Under the Illinois law the home guard is subject to service in the event of riots or strikes but cannot be sent out of the state for service. In St. Louis especially the home guard is made up of bankers, lawyers and business men between the ages of 31 and 55 years.

LAYING ASPHALT

The workers for the Standard Paving Co. are busy placing asphalt on South Prairie street. The lower course has been applied from Edgmon street to College street and the top course from Edgmon street to Anna street. It is expected that the top course will be completed thru to College street by tomorrow night and the lower course will have been spread almost to State street. Under present weather conditions it only requires about 48 hours for asphalt to dry out sufficiently to permit use for traffic purposes.

The welding work on West State street has been completed thru to Webster avenue and only a few hours' work remains in putting in the concrete foundation between the rails.

Mr. and Mrs. William Oxley of Franklin were among the shoppers in the city yesterday.

FRANKLIN MISSIONARY SOCIETY MET TUESDAY

Eastern Star will Give Indoor Picnic.

Franklin, Nov. 12.—The Woman's Foreign Missionary Society of Franklin M. E. church met Tuesday afternoon with Mrs. Sallie Wyatt. There was a good attendance of members and the subject was Africa. The society is making a study of that land and the program was in charge of Mrs. Keplinger and Mrs. Laverick. Reports on the district convention at Palmyra were given by Mrs. Keplinger who was re-elected president of the district body. Mrs. Massey and Mrs. Wiley. Several other members who attended the meeting also made remarks. During the social hour that followed the hostess served dainty refreshments.

Members of the Order of Eastern Star of Franklin will give an indoor picnic in Masonic hall Thursday evening for the members and their friends and Masons and their families. A program will be given and refreshments will be served.

WILL EXHIBIT FOODSTUFFS

As previously announced, there will be an exhibit of foodstuffs for young children in the Home Economic Department of the Illinois Woman's College Thursday afternoon from 4:30 to 5:30 of a simple menu for children one and a half years old, for children two years old and three years old. There will also be a menu shown for a five year old child, who will not use milk as a food.

As stated in the announcement previously made this exhibition is offered for the good it will do in the community. Those interested are cordially invited to visit the exhibition. Admission is free.

VISITED ARMY CAMP'S

Mr. and Mrs. J. N. Peters have returned from Ft. Riley, Kans., where they visited their son, William H. Peters, who is in training there. They also had a pleasant visit with Russell Pinkerton at Camp Funston. The soldiers both asked to be remembered to their Jacksonville friends.

Barley a Great Grain

superior to wheat in some ways as a food grain. But home users have been unable to get hold of much barley flour.

This difficulty is all smoothed out when you use

Grape-Nuts

a food made of the finest malted barley and the finest whole wheat, all ground in our own mills.

Think of it! Barley—superior in protein, with a digestive element which not only transforms its own grain, but the wheat berry also. In Grape-Nuts and cream you have a delicious food, containing all the material needed for balanced nourishment.
